LOCAL BUSINESSMAN NEWEST MEMBER OF CONCOURS BOARD

JACKSONVILLE, FL; December 6, 2007 --- The Amelia Island Concours d'Elegance Foundation, Inc. announced today that Jorge Morales has joined the Foundation's Board of Directors. Morales is Chairman of the Board of Information & Computing Services, Inc. (ICS) based in Jacksonville.

Founded by Mr. Morales in 1982, ICS is a technology firm specializing in wireless, mobile and enterprise software for supply chain management and construction. Morales' vision, leadership and customer-focused approach to the market have enabled him to build ICS into a highly-respected organization with more than 300 customers around the world.

ICS has provided the judging tabulation software and staff support for the Amelia Island Concours for nearly a decade. Specially developed for Amelia's use, the program enables the judging of vehicles to be completed in a timely and accurate manner.

"I am proud to announce Jorge's election to the board of directors for the Concours," says Bill Warner, Concours founder and co-chairman. "He is a highly-respected businessman in our community and his firm's technological help on the Concours has enabled us to streamline a very complicated and intensive judging process. This is an internal side of the show that is very important but is not seen in action by the general public. We will count on Jorge for new ideas and suggestions that will make the show an even better experience for the entrants and the spectators."

The show’s foundation has donated nearly \$1.5 million to Community Hospice of Northeast Florida, Inc. since 1996.
